blackbox™
POWERED BY PHITEK® ANR™ TECHNOLOGY

YOUR SOUND.™
LESS NOISE.

M10

Active Noise Cancelling Headphones

The Blackbox™ Difference

Blackbox™ M10 headphones deliver hi-fidelity sound – providing deep bass, clear vocals and natural highs – using Phitek® patented ANR™ Active Noise Rejection™ technology for Music On The Move.

Acoustically-engineered design and advanced materials ensure the very best in personal listening performance and comfort, reducing typical background noise such as transit vehicles, trains and aircraft cabins – even the distraction of busy, open plan office environments.

Premium audio products which incorporate Phitek® ANR™ have been awarded 'Best In Class' by leading international journalists writing for *Wired, PC Magazine, iLounge and What Hi-Fi? Sound and Vision.*

Key Features

- **Easy fit adaptors included for use with home audio, portable audio and passenger aircraft in-flight entertainment systems**
- **Powered by a replaceable, single AAA battery (up to 40 hours extended use)**
- **World-leading Phitek® ANR™ noise-cancellation for purer sound-from-source**
